

Oakthorpe, Donisthorpe and Acresford Parish Plan

Summer 2008

Introduction

Why produce a parish Plan?

The creation of a Parish Plan has allowed the residents of the 3 villages in the Parish (Oakthorpe, Donisthorpe and Acresford) to say how we wish our Parish to develop into the future and to take an active part in how that future is shaped. Without a clear view of what we want and why, the Parish Council, North West Leicestershire District Council and all of the other service providers involved cannot provide either the right focus or resources for the Parish.

We live in a competitive world where resources are scarce and we will have to fight to get our rightful share. We can only win the fight if we are organised and if the community speaks efficiently with one voice; the Parish Plan will do this but, without everyone's positive involvement, the plan is simply a set of ideals.

How did we involve the community?

Each village within the Parish held a meeting and appointed a steering group comprised exclusively of village residents. Over the ensuing months these groups met on a monthly basis and designed a questionnaire to be issued to every household. Many hours of debate and consultation took place and eventually three similar questionnaires were produced, each one reflecting the specific needs of the village it served.

These questionnaires were delivered to and collected from every household in the Parish by a dedicated band of volunteers and, as a result, a response rate of 56% was achieved. The data was analysed and combined into a single Parish Plan, which involved a phenomenal amount of work both in terms of inputting data from the questionnaires and especially analysis of that data and compilation of the results.

The process started with many volunteers but only a few had the stamina to follow it through to completion. Funding was extremely tight and the whole exercise was completed for around £1500 which was raised via donations from the Parish Council, the Rural Community Council and various fundraising activities within the Parish.

In any population, however large or small, there are always a minority who are happy to get involved and the silent majority with other priorities. Without those volunteers this excellent document would simply not exist, so, on behalf of the silent majority a big "thank you" to those who completed this first phase of the work.

Where do we go from here?

The Plan is now complete and to make it "live", and to make a real difference to the community in which we all live, we will need "Champions" from within the community to take the lead on particular issues. We can abdicate responsibility and simply hand it to the Parish Council and say "get on with it" or we can make a positive contribution and help the Parish Council by all getting involved.

There have already been several benefits arising from the Parish Plan:

- The Parish Council has at least 4 new members who have increased their awareness of local issues via involvement with the planning process.
- The community is now supporting the Scouts in their gala to be held on 31 August.
- The Three Views News has been born and is proving both successful and popular with residents and local businesses.
- The first village litter pick has already taken place
- As a result of all of these activities many people have met new friends and the community is already stronger as a result.

Acknowledgements

We would like to thank everyone who helped produce, advertise, deliver, collect, complete and analyse the questionnaire.

1

Results

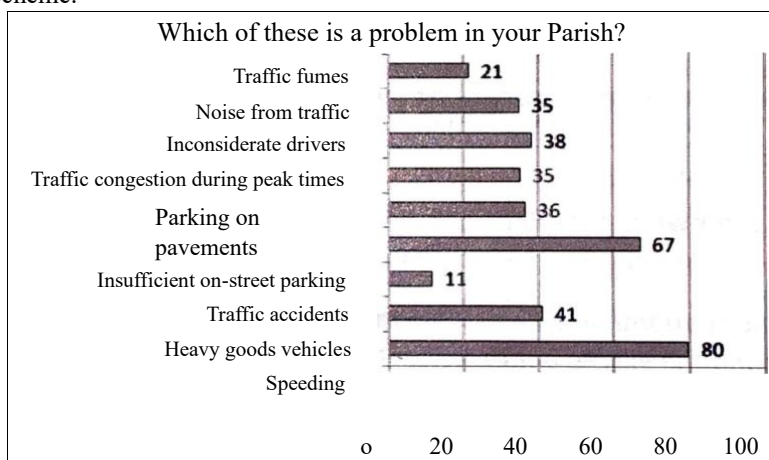

The results from the returned questionnaires have been split up into sections and summarized below along with some of the comments that people made

Traffic and Transport

Speeding (80%) and Parking (67%) are the highest priorities to be tackled, closely followed by adding a bus services at evenings, weekends and Bank Holidays (52%). It was highlighted that young people can get stranded in Ashby if they miss the School bus and therefore are missing out on afterschool activities and use of the local leisure centre. Bus users would like bus stops to be marked more clearly and more bus shelters in certain locations.

Parking on pavements, too close to junctions and at school drop-off time are Parish-wide irritations. Oakthorpe has specific issues at the junctions of New Street and School Street with Measham Road, where people are parking too close to the junctions and making it very difficult to pull out safely onto Measham Road. This is exacerbated by the speed of traffic on Measham Road — which also makes it dangerous to cross the road at the zebra crossing as the cars just don't stop.

Traffic calming measures are also necessary in various positions around the Parish, as people are worried about the speed of traffic entering the villages and the speed of traffic travelling through the villages (See graph below). 84 people (12%) volunteered to help with a Community Speed Watch program, with a further 33% in support of such a scheme.

'No lollipop lady at busy junction at school times a major hazard.'

'Lorries and buses on Hill Street do not see nursery kids and cycles'

'School needs own drop off/pick up area off main road'

'Measham Road has a flashing 30mph sign but this does not slow down much of the traffic'

Health

Most people seem reasonably happy with the current health provision in the Parish, with Measham Medical Unit praised highly in the comments section. It was suggested that the 'out of hours' service could be more local, and

1 Data presented is a combined response from all questionnaires returned, unless stated otherwise

it would be nice if the surgeries accessibility were open for people into the without evenings cars.and weekends.
Public transport links also need to be improved to allow greater

91% of the respondents are registered the Parish with would a Dentist; however travel on average 10 miles to access
such services therefore a NHS dentist within be well supported. ,

Wleasham medical centre is excellent and efficient'

We have to travel to Burton, Leicester of Loughborough for out of hours care when
children are ill at night or weekend as been told we cannot use Ashby Hospital which
is annoying and proves very difficult when you have two young children taking them
on a long journey when they are ill'

'Appointments at the doctor do not fit in with working lifestyle'

'Measham Medical unit is good, but hard to get to if ill/elderly. Only good if you have
a car.'

'Measham Medical Unit -first class, 'Out of hours' service needs improvement'

'Public transport is abysmal you cannot go anywhere at night. If I am ill I have to be ill
when my husband is on the right shift'

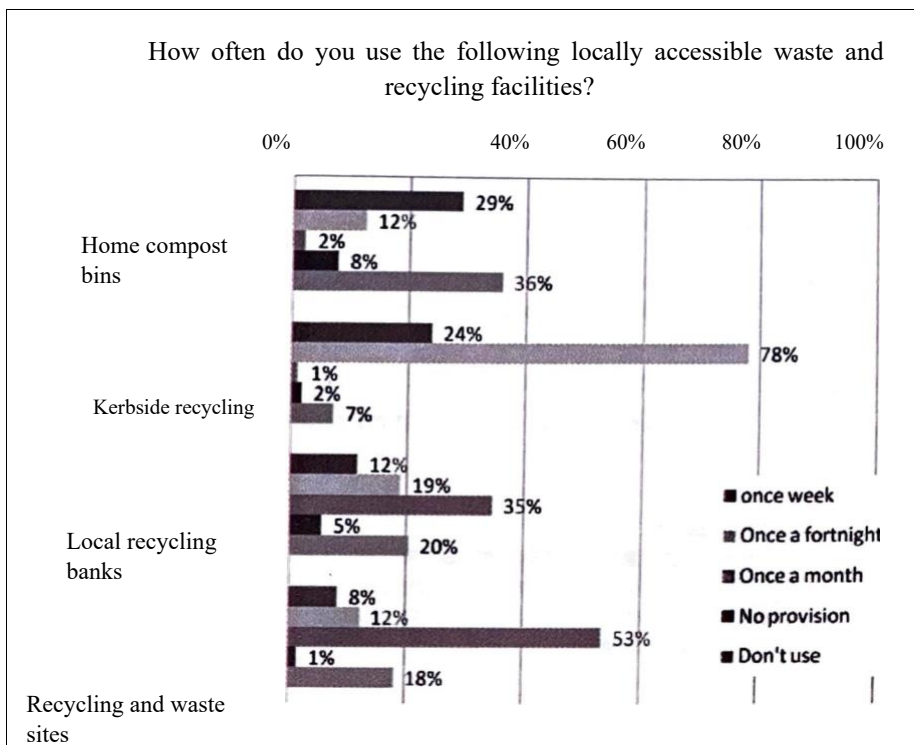

'Mobile doctor's surgery from Measham Medical Unit held in Donisthorpe.'

Environment

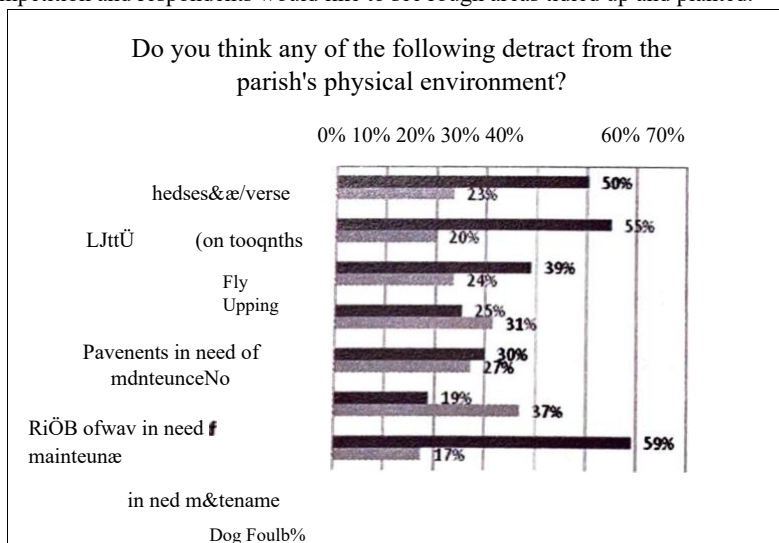

If you look at the graph on the following page you can see that recycling facilities are widely used by residents in
the parish. There is great interest for the Council to provide more kerbside recycling for Glass, Cardboard and more
types of Plastic.

'Making it more clear what goes in what bin - it is very frustrating if you do recycle and
for some reason the men don't take it! It puts you off.'

'A village skip once a month in different locations for larger items. Village clean-up day
- I rarely walk around the village but on my patch I am ashamed of litter (especially in
and around the cemetery). Weeds in kerbside gutters especially the approach to DM%s.
Hedgerow between Cockspur Row and Ashlar Drive'

Dog Fouling (71%) and litter (59%) are major problem across Parish (see below). 56% of the Parish would like to have a Parish Street Cleaner to improve the appearance of the area. There were many suggestions to join a 'Best kept Village' competition and respondents would like to see rough areas tidied up and planted.

'My main concerns are dog fouling and footpaths in need of attention'

'More 'no fouling' notices needed on Donisthorpe Country Park. People access this from many paths & not many have notices up. This is particularly bad near Poplar Avenue.'

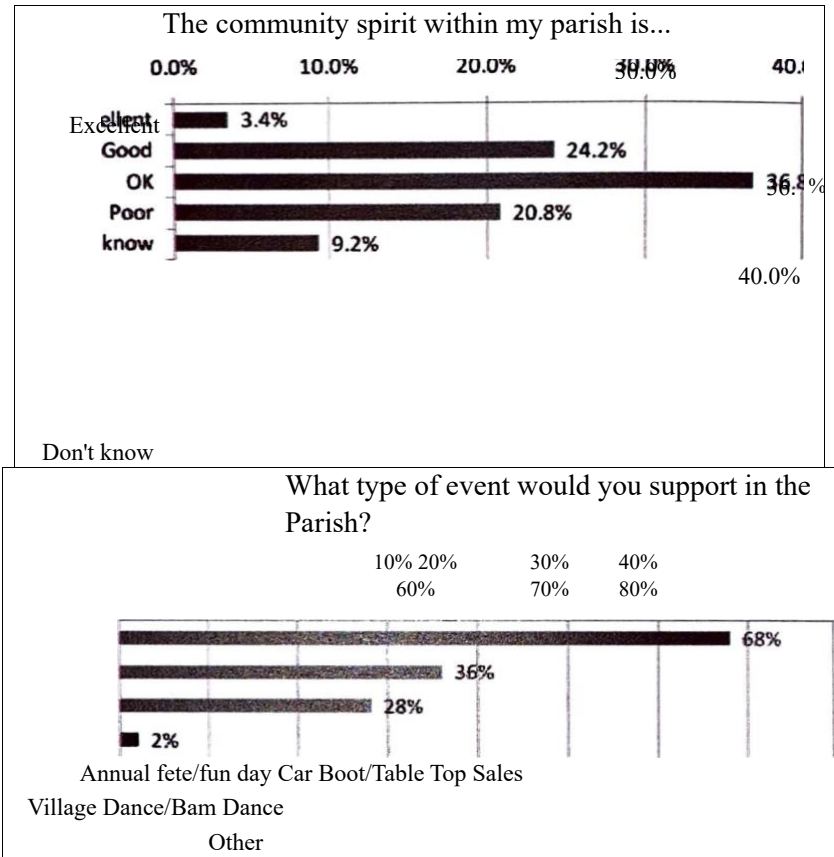

Local Amenities

There was a good response from the questionnaire for more community events, a Gala/Fun Day and a local newsletter. Oakthorpe Leisure Centre and Donisthorpe Woodlands Centre could be more widely

used by the community. Communication was highlighted as a big problem in the Parish, with of respondents wanting to

Elderly people often feel excluded from events and more must be done to prevent this. Many people feel the profile of the Parish Councillors needs to be raised, as most people do not know who they are or how to contact them. 72% of Donisthorpe respondents think that it is important for Ashby Canal to be reconnected to the Canal

Network. A high priority in Donisthorpe is the provision of a shop: 92% of Donisthorpe respondents want a

- 'Anything that builds community spirit'
- 'Village event on lines of Heather scarecrowfestival'
- 'Activities like a summerfete and Village in Bloom'
- 'Re-instatement offamily values, and community awareness'

Youth

The response was good from the youth questionnaires. Communication was again highlighted as an iss^{ue}, as some events are poorly advertised but would be well attended if this problem could be solved. The 13-18 age group would like a youth club/drop-in centre where they could access the internet, play computer game^s etc. Further events could include outdoor activities (canoeing, bike rides etc). A Cinema Club would also b^e well supported. Younger children would like to see the play equipment in the parks updated and new play areas created.

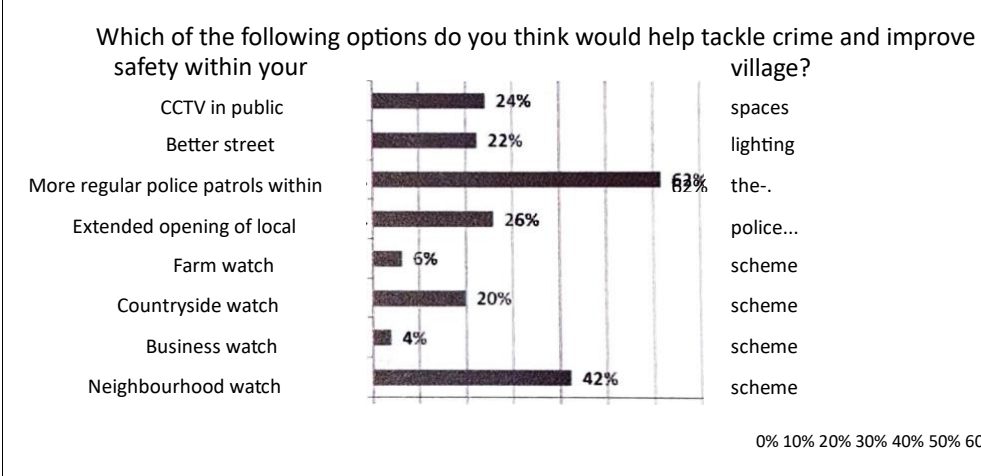

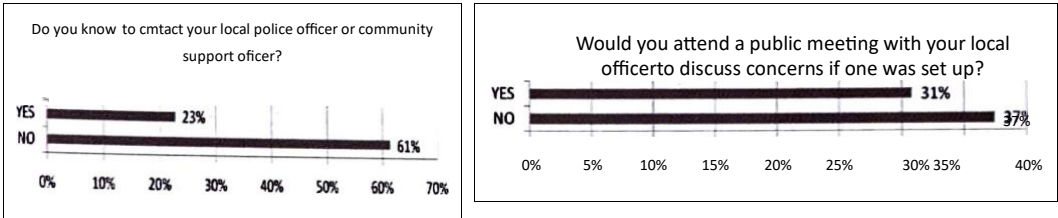

Accessibility

Parking on Pavements causes large problems for wheelchair and pushchair users around the Parish. Due to th^e frequent use of stiles the paths and trails around the Parish are not very accessible. This could be improved wit^h the use of dog grates and kissing gates.

'Pathways on the canal walk are not very good for disabled and wheelchair people to use, also car park on Moira Road could be a lot better for people to use.'

Crime and Safety

The questionnaire showed that people generally feel safe around the Parish (92% during the day, 84% at night), however it did highlight that most people would like to see the Police patrol the area more frequently and that a neighbourhood watch scheme could be beneficial to the whole Parish.

'Definitely don't want CCTV or extra lighting - it's a village.'

Where is the local police station?'

'Motor bikes on Woodland Park are a danger to walkers/cyclists.'

'It would be nice to have a better community policing and for our local officer to attend the school and to know his name'

Oakthorpe, Donisthorpe and Acresford Action Plan

Below is the action plan which lists all of the actions that have been put in place to tackle the issues that arose from the questionnaire. The action plan also shows the partners who will be involved with implementing the action along with the predicted timescale resources for each project.

No.	Section	Action	Priority	Timescale	Partners	Resources
1	Transport & Traffic	Buses that run more reliably. Buses that run in evenings and on bank holidays.	Medium	6 months	Bus Companies, Leicestershire County Council O.D.A. Parish Council NorthWest Leics District Council	Minimal
2	Transport & Traffic	Survey current bus stops and timetable information, assess where new stops/shelters are required and how information can be displayed better. Advertise www.travel.org.uk	Medium	6 months	Bus Companies LCC O.D.A. Parish Council	Minimal
3	Transport & Traffic	Publicise and raise awareness of community transport schemes already in place, review services and identify if more provision is required.	Medium	6 months	LCC NWLDC NWL Council for Voluntary Service O.D.A Parish Council	Minimal
4	Transport & Traffic	Provide parking/drop off for parents taking/collecting children at Parish Primary schools.	High	Within 3 months	LCC O.D.A Parish Council Head & Governors Donisthorpe & Oakthorpe Primary Schools	Minimal until costs are determined

Set up & carry out community speed watch.		12 months	Leicestershire Constabulary Leics County Council O.D.A Parish Council	Minimal
Request police enforcement of weight limit restrictions on:- Moria Road & Measham Road.		12 months	Leicestershire Constabulary Leics County Council O.D.A Parish Council	Minimal
Liaise with to Highways re traffic calming measures on - Donisthorpe - Hill Street (road narrowing) Oakthorpe - Chapel Street (narrow road sign) Acresford - Traffic turning off A444 onto Measham Road (speed drops from 40 to 30 but no sign until further down road).	Medium	6 months	Leics County Council Highways O.D.A Parish Council	Minimal
To liaise with Highways over the junctions of Measha Road & New Street, School Street & Measham Road Oakthorpe - over difficulties caused by parked cars.	Medium	6 months	Leics County Council Highways Bus Companies O.D.A Parish Council	Minimal
Produce a considerate parking leaflet for the Parish.	Medium	6 months	Leics County Council Highways Leicestershire Constabulary O.D.A Parish Council Parish Plan Group	Printing Costs
